

**Train the Trainer Post Evaluation Survey
TEMPLATE**

Thank you for attending this training event. Please take a moment to complete this brief survey to help us improve upon future trainings. Your responses on this survey are anonymous.

Your first questions can measure the extent to which your training increased people's knowledge about a topic (if that was a goal), and the extent to which they know feel like they have the skills and confidence needed to train on the topic.

IF, in the Pre Survey, you asked specific knowledge items, you can ask those identical items again here in order to see if people's knowledge increased. This takes a little more work to analyze, so only do this if you have the capability to compare pre and post responses. Otherwise, rely on the first items on the first page to gauge, from the participants' perspectives, if their knowledge increased.

Please answer the following questions to the best of your ability, but if you do not know, please choose "I don't know."

Again, only if you are comparing Pre and Post surveys will you need ID numbers. Otherwise delete this.

And now, just so that we can match surveys without identifying individuals, would you please create the same unique ID you created for your pre survey:

- The first letter of your mother's first name
- The number of living siblings you have
- The first number of your street address
- The last letter of your father's first name

Thank you for your feedback!
